DETAILED ACTION

1. Claims 1-90 are presented for examination.

Election/Restrictions

2. Restriction to one of the following invention is required under 35 U.S.C. 121:
 - I. Claims 1-30 drawn to accessing a remote server to retrieve data, classified in class 709, subclass 219.
 - II. Claims 31-60 drawn to remote data accessing by a user interface, classified in class 709, subclass 217.
 - III. Claims 61-90 drawn to the generating a list of data elements in class 715, subclass 500.
3. Inventions I, II, and III are related as subcombination disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. The following case instants:

Invention II has separate utility such as using a user interface for remote data accessing.

Invention III, list generation of data elements.

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Applicants are reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
7. A shortened statutory period for response to this action is set to expire ONE month, or 30 days, whichever is longer, from the mailing date of this communication. Failure to respond within the period for response will cause the application to become abandoned (35 U.S.C. § 133).
8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Liang-che Alex Wang whose telephone number is (571)272-3992. The examiner can normally be reached on Monday thru Friday, 8:30 am to 5:00 pm.
